

**PLATINUM**  
SAFES

# THE HOTEL SAFE

## Ideal for Hotels

The Hotel Safe offers the perfect solution to effectively protect cash and valuables due to its smart features.

It is designed to provide greater convenience for the storage of your valuables with the intelligent draw style design and compact size, allowing for discrete positioning.

It features an innovative stealth LED panel, which is a high resolution display screen with a touch keypad for opening the safe. The display becomes virtually transparent when the screen is inactive.

12 Month  
Warranty on Safe
